

YWCA Impact Survey [Oct 2024]

Start of Block: INTRODUCTION

About the Survey Title of Survey: YWCA Impact Survey 2024 Description of the Survey: What will my participation include? Your participation includes filling out this survey to the best of your ability. You may start and stop this survey as you go through, as some questions may require you to reference other documents or resources to verify information. We encourage you to share as much detail as you feel comfortable with. Who will see/has access to responses? Data from this survey will be seen by the YWCA Impact Department and the 10Seven team. 10Seven is a contracted partner of YWCA and adheres to YWCA data-sharing policies, so your data will be protected. How will results/insights be shared? The first round of survey results will be published in an internal report along with results from qualitative interviews. We will hold a webinar that goes over the findings and next steps. All data will be reported in aggregate so your organization will not be identified. However, for future Impact Surveys, we plan to provide association-by-association breakdowns so you can track your own impact. How will my confidentiality and data be protected? Your privacy is of the utmost importance and all your information will be treated confidentially. 10Seven is a contracted partner of YWCA and adheres to YWCA data-sharing policies, so your data will be protected. Qualtrics, our survey software, also does not track the IP addresses where responses come from. Only approved researchers, who have signed nondisclosure agreements, will see the data, which is stored on a secure server. 10Seven is a contracted partner of YWCA and is legally obligated to adhere to YWCA data-sharing policies, so your data will be protected. Who should I contact if I have questions? Please contact Chloe McKenzie at cmckenzie@ywca.org. What else do I need to know? All questions require you to answer, but if you wish to skip a question, then select "prefer not to answer". If the survey is not letting you move forward, it is because you haven't answered each part of the questions asked. For example, for the race/ethnicity question, you may select "yes" for Black, but you must select "no" for all other races. We do this to complete our analysis. If you are having trouble moving forward, please make sure you are selecting an answer for all parts of the question. If you're having additional trouble, please email cmckenzie@ywca.org.

Q0 Before beginning the survey, please complete the reCAPTCHA verification.
